DEED OF ASSIGNMENT AND ASSUMPTION

THIS DEED is made on November 1, 2026 BETWEEN

(1) HOLO LIMITED, a company incorporated in Gibraltar with registration number 116305, whose registered office is at Suite 23, Glacis Road, Gibraltar GX11 1AA (the “Assignor”); and

(2) NET ZERO FZC, a Zanzibar Digital Free Zone Company with company identifier ZDFZ-QME5S9FR (the “Assignee”).

Recitals

A. On 28 March 2018 the Assignor published Terms and Conditions Relating to Token Sale (the “2018 Terms”) under which it issued the ERC-20 token known as HOT.

B. The 2018 Terms describe a potential future redemption of HOT for HoloFuel at a ratio of one to one, to be made available if and when the Holo Platform was developed and deployed, under platform terms to be published at that time.

C. The Assignee is licensed in the Zanzibar Digital Free Zone to operate a HoloFuel mutual credit system, including a token swap.

1. Assignment. With effect from the date of this Deed, the Assignor assigns to the Assignee absolutely all of its rights and obligations under the 2018 Terms in respect of making available the redemption described in Recital B and delivering HoloFuel under it, including the right to determine and publish the platform terms (the “Delivery Obligation”).

2. Assumption. The Assignee assumes the Delivery Obligation and will perform it on its own account, as it determines, under the platform terms it publishes. The Delivery Obligation is a potential future expectation under the 2018 Terms and not a debt. The Assignee may assign or transfer the Delivery Obligation without the Assignor’s consent.

3. Nothing else transfers. The Assignee assumes no other right or liability of the Assignor. All HoloFuel-denominated liabilities accrued before the date of this Deed remain with the Assignor.

4. Release. The Assignor is released from the Delivery Obligation.

5. Notice. The Assignor will publish notice of this assignment to holders of HOT on holo.host under clause 22.2 of the 2018 Terms.

6. Consideration. USD 1, receipt of which the Assignor acknowledges.

7. Authority. Each party has the power and authority to enter into this Deed and does so independently and in its own commercial interest.

8. No admission. Nothing in this Deed is an admission or representation as to the regulatory characterisation of HOT, HoloFuel, the token swap or any activity of either party.

9. Law and counterparts. This Deed is governed by the laws of Gibraltar and may be executed in counterparts, including electronically.
